PROFESSIONAL PROFILE

Hands-on digital and performance marketing professional with 7+ years in paid media, lead generation, marketing analytics and conversion-focused web experiences. Currently Assistant Manager, Digital Marketing & Analyst at Cyberjaya Education Group, managing multi-platform student acquisition campaigns with RM2M+ in annual advertising budget responsibility. Experienced in connecting campaign tracking and landing page submissions to CRM lead workflows, including Salesforce and SleekFlow.

CAREER SCOPE

RM2M+ annual media budget responsibility · 100+ campaign landing pages developed · 12+ WordPress websites managed

PROFESSIONAL EXPERIENCE

Assistant Manager, Digital Marketing & Analyst

CYBERJAYA EDUCATION GROUP BERHAD · JUN 2022 – PRESENT

- Personally manage and optimise Google Ads, Meta, TikTok and LinkedIn campaigns for education brands, with responsibility for RM2M+ annual media spend and lead-generation KPIs.
- Developed 100+ mobile-optimised landing pages supporting academic programme campaigns, lead capture and recruitment acquisition workflows.
- Personally configured Salesforce Web-to-Lead HTML forms and hidden UTM fields across campaign landing pages, enabling lead submissions to carry campaign attribution data into Salesforce.
- Currently working with the in-house development team to transition from Salesforce HTML forms to embedded iframe forms; define campaign naming, UTM capture and lead-tracking requirements for the new implementation.
- Implemented GA4 and Google Tag Manager conversion measurement; supported reporting, technical SEO and conversion-focused website improvements across 12+ WordPress properties.
- Coordinate with internal stakeholders, developers, agencies and vendors; mentor junior staff and contribute to technical interviews and assessments.

Digital Marketing Manager

2M WORLD SDN BHD · JAN 2021 – MAY 2022

- Managed and optimised Google Ads and social campaigns, monitoring campaign budgets, acquisition costs and ROI targets.
- Analysed Google Analytics data and campaign results, presenting practical optimisation recommendations to stakeholders.

MARKETING TECHNOLOGY & LEAD OPERATIONS

Salesforce integration: Personally implemented Salesforce Web-to-Lead HTML forms on campaign landing pages and configured hidden UTM fields for campaign attribution. Now collaborating on an in-house embedded iframe form solution, defining marketing requirements for campaign naming and tracking; implementation remains in progress.

Measurement and CRM: GA4 and Google Tag Manager event/conversion tracking, Looker Studio reporting, SleekFlow lead capture and engagement workflows, campaign-to-form attribution requirements.
